ABSTRAK

Makalah ini membincangkan amalan ziarah menziarahi di kalangan ahli keluarga dalam negeri Selangor Darul Ehsan. Amalan ziarah menziarahi boleh mempereratkan hubungan silaturrahim di kalangan ahli keluarga, namun demikian, tidaklah diketahui sejauh mana ia menjadi budaya di kalangan rakyat negeri Selangor. Data kajian ini diambil daripada 180 responden melalui kaedah menjawab soal selidik. Majoriti responden menunjukkan respon positif mengenai amalan ziarah menziarahi walaupun berlaku kepesatan teknologi maklumat, kesuburan perkembangan media baharu dan kepantasan globalisasi. Apa yang penting, tradisi dan nilai murni dalam amalan ziarah-menziarahi masih dipertahankan walaupun zaman telah melalui era pasca-modern dan manusia menjadi terlalu sibuk dengan komitmen duniawinya. Kajian ini turut menyumbang kepada Dasar Keluarga Negara dalam konteks pengukuhan hubungan kekeluargaan yang menjadi mangkin kepada pemeraksanaan modal insan dan pengukuhan pembangunan negara.

ABSTRACT

This article discusses the practice of visits among family members in Selangor Darul Ehsan. The practice of visits can strengthen ties among family members. However, it is not known to what extent it becomes a culture among people of the state. Data were taken from 180 respondents by means of answering the questionnaires conducted in Selangor Darul Ehsan. The majority of respondents indicated a positive response on the practice of visits within the pace of information of technology, new media progress and the speed of globalization. What is more important, tradition and values in the practice of visits are still maintained even though the time has gone through post-modern era and the people became too busy with their worldly commitments. The study also contributes to the National Family Policy in the context of strengthening family relationship and becoming the catalyst for the empowerment of human capital as well as contributing to the national development.
